Greetings in Our Lord and Savior Jesus' name. I hope that you are doing well as well as I am here in Myanmar by the grace of God. It has been a long time since hearing no news from you and the church.

First of all, I would like to say my heartfelt gratitude and thankfulness to the church and the individuals who generously and sacrificially support me throughout these long years of mission work in my country constantly. I could not say with words but I thank God and praise the Lord for your love and care for all long years. May the Grace and Mercy of God be added more and more as you keep supporting missionaries around the world.

Secondly I would like to ask you to understand my weaknesses and shortcomings of the situation that I am in. Here in Myanmar the political situation is still the same and not development in all areas of life Especially communication with others beyond our country. Sometimes I think that the email I am sending is successful but it is not successful and the email was not sent. This problem that I am used to experiencing. What I sent to the office or the church were not sent.

Thirthly, the situation in Myanmar is so difficult to survive for living as well as for ministering and missionary work. We are doing our best for the extension of God's Kingdom. Your support is so means for us. So I would like to ask you humbly continue supporting for building the Kingdom of God in spite my weaknesses.

Forever Thankful to God and you for your love and care and see and consideration of our situations as Jesus sees us.

We alway pray for you all

Yours sincerely
